

## VIP Party Package

Madfun is great value for money because we include everything you need so you can relax and really enjoy your special day. It's a Private Party Venue so only your children, family and friends are there. We aim to make your party as comfortable as having it at your own home.

Madfun is not part of a play centre or a multipurpose room. All the facilities are permanently built and designed just for Children's Birthday Parties. The Face Painting stations, Craft Stations, Huge Disco Dance Floor, Laser Lights, Big Screen Projectors, Smoke Machines and fully equipped Audio-Visual Booth, complete with your own full-time DJ, are there just for your party.

Our Hostess and her happy helpers will take care of all your children's needs and are specialists in organising the food, the games, the dances, the free face painting for every child and all the other features that add up to a fun, exciting and hassle-free day for you and your children.
